

JFS 1.1.1 Released

Version 1.1.1 (stable, minor bugfixes) – [Download](#) – [Release Notes](#) – [Installation & Upgrade Guide](#)

Fixed in 1.1.1:

- Files can not be attached to issues in JIRA 4.2 while "Block Unknown URLs" is turned ON
- User avatars not working in JIRA 4.2 while "Block Unknown URLs" is turned ON
- HTML filter subscription messages miss issue table

New features in JFS 1.1.x:

- Support for Time Tracking fields (including Work Logs, reports, etc.)
- JIRA 4.2 & 4.2.1 compatibility
- Issue Status condition (ability to set field visibility based on current issue status)
